

SET-UP FOR GYM EVENTS WITH BOB HOLMES

Develop enthusiasm for my appearance by printing out the attached poster and giving them to the students or place them in the classrooms prior to Bob's assembly.

Show the video to the classrooms from:

www.beatbob.com

Prepare the students for the assembly by telling them I have had more games than any athlete in the history of the world in any sport. *Ripley's Believe It or Not* did two stories on me because of this. This will excite them to see the assembly. When students want to come into the gym, it adds so much to their willingness to listen to my most important message.

HAVE A STACK OF POSTERS FOR ME TO HAVE AVAILABLE TO AUTOGRAPH AFTER THE ASSEMBLY FOR SOME STUDENTS

Assembly time length: Approximately one hour and twenty minutes--from start time. (FLEXIBLE)

IMPORTANT NOTE: If Junior High shares the same building or is in close proximity, always include them in assembly. It is very important they hear the message before drugs and alcohol enslave them.

Checklist of items:

THESE ITEMS MUST BE IN PLACE BEFORE INTRODUCTION

-TWO 100 FOOT Electric Extension cords.

--A TV STAND ON WHEELS to place my computer on the back of the court
