

**Imagine bringing in the only man in the entire world who single-handedly beats teams like the Redskins, Orioles, Vikings Steelers, and the Buffalo Bills three times**

**ALL BY HIMSELF!! SEE BOB BEATING THE MINNESOTA VIKINGS**

**<https://youtu.be/L6fy1ShN8ag>**

**Twice he's in Ripley's Believe It or Not!! Because of having played more games than any athlete in the history of the world in any sport.**

**The young people will come into the gym as excited as they are going to an NBA game to see how one guy will beat a girls' team, boys' team, and your faculty team in your school. This will set the stage for them to receive a message that can change these kids' lives forever.**

**Bob will not only deliver an amazing and fun volleyball game but he will also get a message across to the young people about bullying, drugs, alcohol and suicide. He reinforces the very things that you're trying to get across to them on a regular basis!**

**Bob does this in such a way that kids' responses are life changing for them. Coupled with comradery between students and teachers with much humor, they will leave the gym respecting their parents, faculty, principals, and others who are special in their lives as Bob encourages them to respect and love the people that care about them so much.**

**Give your students a chance to enjoy Bob competing against teams by himself and give him a chance to speak to them on a heart-to-heart level.**

**These assemblies Bob provides are “game” changers and can have a massive positive impact on these kids' lives.**
